### **DETAILED ACTION**

1. This office action is in response to the applicants' amendment received on November 24, 2006.
2. Claims 1-23 are presented for examination.
3. The applicants have amended claims 1 and 21.
4. Applicants' arguments with respect to claims 1-23 have been considered but are deemed to be moot in view of the new grounds of rejection.

### ***Claim Rejections - 35 USC § 112***

5. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

6. Claims 1, 15, and 21 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

These independent claims comprise a search query and/or previous queries, however the claims fail to mention what happens as a result of these queries being processed. In other words, the claim limitations search for information, but the limitations do not state what happens to the data that is found as a result of performing a query.

Art Unit: 2167

The remaining claims comprise dependent claims that are dependent upon the above rejected independent claims. These claims are also rejected for at least the reasons stated above.

### ***Drawings***
